### **DiscussIT Topic 6: Where is our country headed?**

**Discuss IT Topic:** Over the last week, our country has had growing concerns on immigration bans, border safety, and executive orders that remind us of issues that have been plaguing our country for years. Now that Trump has been elected President, there has been people threatening to blow up the White House, human right protests, and a plethora of other sensitive subject matters that are very compelling to individual groups of people. Why have these issues come up now as we head into a time in which it seems no one is going to be happy with the outcomes? Will this create a split in this country and place citizens against one another when it comes to their views? In your opinion, what other topics are at the forefront of concern? Exaplin.

**Response:** Please make sure all grammar, spelling, indentation, and punctuation is correct.

I believe that these issues are coming up now because the election of Donald Trump is getting people upset and that is what is causing all of these problems. In my opinion I don't think that this will create a split in our country but it will definitely create problems because of the fact that all people have different opinions on their president. I think that the forefront of concern now is the fact that technology is affecting humane society. Technology is making our society much lazier and more spoiled.
